MEMORANDUM FOR: DDCI  
FROM: D/DCI/RM  
SUBJECT: Uniform promotion system

I have just seen a copy of the Executive Career Service promotion schedule dated 20 November. I note that it differs slightly from the one purporting to be agency-wide which we chose to adopt several months ago. Although I assume we need not alter our schedule for employees below the grade of GS-15, I am concerned about how promotions to GS-16-18, which need your approval, may be affected.

The Resource Management Career Board is currently scheduled to consider supergrade promotion recommendations in December and June; however, the E Career Service will do so in November and May. I am not clear whether the uniform promotion system that you proposed provides that supergrades in all career services must be promoted at the same time or only that supergrades within any one career service must be considered for promotion concurrently.

If everyone now has to conform with the Executive Career Service schedule, we have missed the November window for supergrades and must therefore wait until May rather than consider recommendations next month as we had planned. In the absence of any advice from you to the contrary, I will assume that we may carry on with the schedule we established in October and that you will consider our career board's recommendations when they are presented to you.

NOTE FOR:

STAT

FROM:

Jim,

I talked with Jim Bush today at lunch with Congressman Burlison, the DCI, and Fred Hitz. We talked about the schedule on which things will be delivered to the Congress. Burlison in particular emphasized his desire to have us appear and testify as early as possible. I told him that we were now working on the CJBs and expected to be able to deliver them at the same time the President's budget goes forward. (I hope that's true.)

Jim Bush noted that they have requested a number of studies from us and that it would be helpful to get them as early as possible. I told them that you are now responsible for tracking and coordinating the studies, and that you would get in touch with him on the schedule. Would you please do that?

It would also be useful for us to talk briefly; I'd like to make sure I know where they stand.
